“Get involved, it’s good business”

The Construction Leadership Council of Greater Milwaukee (CLC) is a service of the Associated General Contractors of Greater Milwaukee (AGC-GM) and is available to young professionals employed by AGC-GM Member Companies. The CLC is a program that has been put in place to address the needs of young professionals and the companies they serve. This forum functions as a place for these individuals to network and receive professional support. At the same time, it aids the industry by highlighting its future leaders, supporters, and voice.

At the national level, the CLC has been active for several years. Over half of AGC’s local chapters nationwide have established CLC programs. Many local CLC programs like the AGC of Greater Milwaukee have been flourishing for over 15 years and have almost 100 members.

In order to better serve the members of the CLC and to continue to develop meaningful programming, the CLC Committee has implemented a fee schedule for participation in CLC events.
