The National Glass Association (NGA) is pleased to announce that the 12th annual Glazing Executives Forum, being held September 12 at GlassBuild America in Atlanta, will feature the much-anticipated economic forecast to help glazing company owners plan for the future. Presented by Alex Chausovsky, senior analyst, ITR Economics, this year's outlook will report on the health and performance of the U.S. economy and its impact on the glass and glazing industry moving forward.

Also featured will be the state of the industry by Julia Schimmelpenninckh of Eastman Chemical Co., and Solution Session roundtable discussions—moderated by industry experts and connecting glaziers to share common challenges and solutions.

Forum registrants will also have 3-day access to the GlassBuild America tradeshow floor, where 450 exhibiting companies are expected to showcase their most innovative products and services.
