TO THE EDITOR:

Crest Savings Bank Helps the Coast Guard Community

As a Coast Guard Community, the impact of the government shutdown has been felt by many of our neighbors in Cape May County New Jersey. Crest Savings Bank along with the Cape May County Coast Guard Community Foundation and Morey's Piers wanted to find a way to help those affected. We are proud to announce that we developed a special pay replacement loan program and a mortgage payment deferral program to assist the Coast Guard families in our community during this challenging time. Our pay replacement loan program was designed with an efficient application and closing process. The success was outstanding, as we closed 20 loans on January 15th, within hours of announcing the program! Crest Savings Bank, the Cape May County Coast Guard Community Foundation and Morey's Piers take great pride in helping those who serve!
