

Challenge #1

Have answers to the following questions in your group. After you present your answers, you will get a clue to the next challenge.

1) Who is the youngest person in your group? How do you

know?

2) Who is the oldest person in your group? How do you

know?

3) Who has the most siblings (brothers or sisters) in your

group? How do you know?

4) What is one thing that you all like or have in common?

(For example, it can be food, a TV show, a candy that you all like, a number of siblings.)
